PROFESSIONAL SUMMARY

Motivated and detail-oriented **Junior Software Developer** with hands-on experience building, testing, and maintaining web applications. Proficient in modern JavaScript frameworks, backend fundamentals, and database management. Adept at writing clean, maintainable code and collaborating with cross-functional teams using Agile methodologies. Eager to bring technical passion and problem-solving skills to a dynamic development team in Metro Manila.

CORE COMPETENCIES

- **Languages & Frontend:** JavaScript (ES6+), TypeScript, HTML5, CSS3, React.js, Tailwind CSS
- **Backend & APIs:** Node.js, Express.js, RESTful APIs, Python (Flask basics)
- **Databases & Tools:** PostgreSQL, MongoDB, Git, GitHub, Postman, VS Code
- **Methodologies:** Agile/Scrum, Test-Driven Development (TDD), Version Control

PROFESSIONAL EXPERIENCE

Junior Web Developer (Internship / Contract)

CodeCraft Innovations (Quezon City / Hybrid)

July 2024 – Present

- Developed and maintained responsive front-end components for client web applications using **React.js** and **Tailwind CSS**.
- Collaborated with senior developers to design and implement RESTful APIs using **Node.js** and **Express.js**, reducing page load times by 20%.
- Participated in daily stand-ups, code reviews, and sprint planning sessions within an Agile environment.

IT Support & Web Assistant

NorthGate Business Processing Solutions (Caloocan City)

May 2023 – June 2024

- Maintained internal web dashboards and resolved minor bug fixes for legacy company applications.
- Managed database backups and updated internal documentation using Markdown and Git version control.

SELECTED PROJECTS

- **TaskFlow (Project Management App):** Built a full-stack Kanban board application using React, Node.js, Express, and MongoDB. Implemented user authentication with JWT and real-time task updates.
- **E-Commerce Product Catalog:** Developed a responsive e-commerce front-end interface featuring dynamic search filters, product sorting, and a shopping cart state management system.

EDUCATION

Bachelor of Science in Information Technology (BSIT)

Major in Software Development

University of Caloocan City — Caloocan City

Graduated: June 2022

- *Capstone Project:* Developed an automated web-based enrollment system using PHP, MySQL, and Bootstrap.
